

# SCOTT-LITE™

# LANDSCAPER

- The SCOTT-LITE "LANDSCAPER" body is just right for smaller GVW truck installations where weight is at a premium. Sizes are available from 8' to 12'.
- The LANDSCAPER'S all aluminum construction features double-walled fold down sides and tail gate for all types of loading and unloading. Front bulkhead tubes are welded into the platform corners and gusseted for extra strength.
- With 6" aluminum long sill option the LANDSCAPER is suitable for hoisting.
- The solid rear corners give side and endgate stability and house large stop, tail and turn lights for extra safety and visibility.
- Optional rear light skirts and tool boxes are also available.
